

A Donaldson Company

A WORLD LEADER IN FUME EXTRACTION TECHNOLOGY

FumeCAB 1000 iQ

ELECTRONICS, PHARMACEUTICAL & MEDICAL

Last Updated on 02.02.2022

The complete cabinet fume extraction solution for a broad range of applications.

Partial enclosures are becoming the recommended extraction option for a variety of applications. Government bodies, including the in the HSE are now making direct reference through guidance documentation such as the HSG258 to their use.

The FumeCAB 1000 iQ integrated filtration system has been designed to comply with the latest regulations. It provides users with an extra depth of working space for taller applications.

BOFA's Intelligent Operating System (iQ) and ultra-bright slimline energy-saving LED lights come as standard making this system an ideal choice of fume extraction for a wide variety of applications.

More information about the Intelligent Operating System (iQ).

Key features of the FumeCAB 1000 iQ

Certified to BS 7989:2001 recirculatory filtration fume cabinet specification Standard

Reverse flow filter technology Standard

Energy saving ultra-bright slim line LED lighting Standard

Combined HEPA / gas filter incorporating ACF technology Standard Ensures operational compliance with HSG258 guidelines Standard

Automatic flow control system Standard

Twin coated anti UV / anti splash protective polycarbonate visor Standard

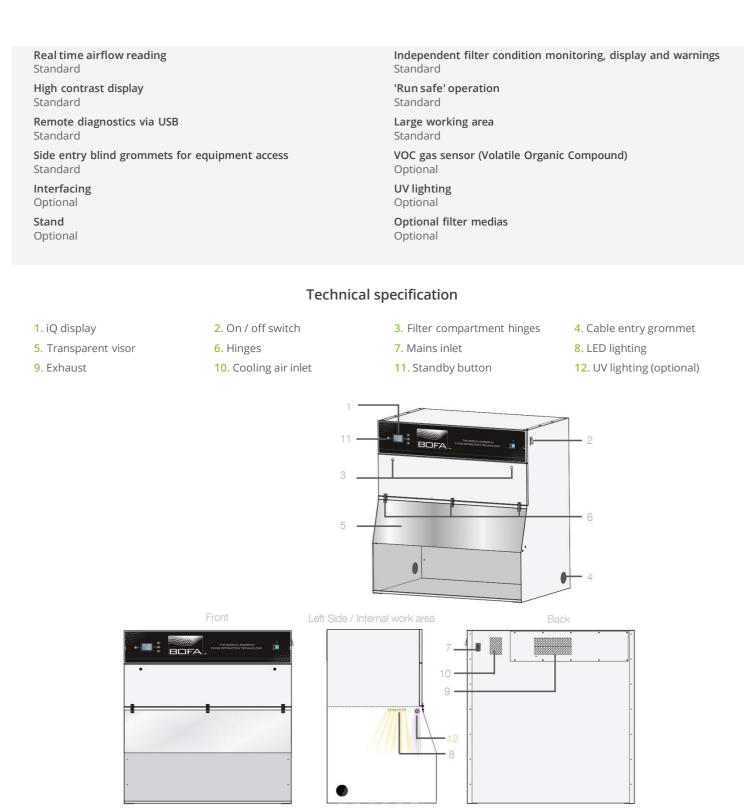

Filters with long life and low replacement cost Standard

Datasheet correct at time of publishing.

Where applicable, the carbon used in BOFA units is capable of removing a wide range of VOCs, however it is the responsibility of the user

to ensure the carbon is suitable for their application. For specific applications, please contact us for details.

Important Notice: Many factors beyond the control of BOFA can affect the use and performance of BOFA products in a particular application, including the conditions under which the product is used. Since these factors are uniquely within the user's knowledge and control, it is essential the user evaluate the products to determine whether the product is fit for the particular purpose and suitable for the user's application. All products, product specifications, availability and data are subject to change without notice, and may vary by region or country.
